

THE HEALTH FOOD COMPANY

2008 10 Week Healthy Challenge

Attention: All Australian Regional Schools

Kidz Bodz is Australia's leading provider of nutrition education to schools.

We have been delivering nutrition education to metropolitan schools for over 3 years, and we are proud to extend our services to regional schools across Australia with a self implementation program.

Our nutrition program is linked to state curriculum outcomes.

This is a pro-active way to help tackle childhood obesity head-on, so we hope that you take up this opportunity.

Our programs are developed by teachers and leading nutritionists so they are informative, educational, and fun!

Our link with Australia's largest health food company, Sanitarium, allows us to provide your students with inspirational messages from leading sports stars like Brett Lee from the Australian Cricket team, and Tim Cahill from the Socceroos!!

Fill out the attached order form and join the fun today!

The Healthy Eating Challenge offers:

1. A 10 week healthy eating challenge diary for every student in your school filled with challenges & activities to encourage healthy eating - Including a CD Rom with weekly motivational comments from leading sportspeople.
2. A teacher implementation pack with activities, posters etc which will allow effective implementation of the challenge
3. A set of 10 Healthy Hints newsletters to send home to families each week to assist parents to implement the challenge at home.
4. Access to online activities and resources to compliment the challenge.
5. Access to your own Kidz Bodz Educator to offer direction to resources, support and more!
